Robert K. Maloney, MD is a board-certified ophthalmologist and the first surgeon in western North America to perform LASIK as part of the original federal Food and Drug Administration clinical trials. Dr. Maloney continues to advance the field of refractive surgery as one of the leading ophthalmologists in the United States authorized by the FDA to conduct clinical trials of LASIK, the Verisyse implantable contact lens and other groundbreaking technology.

Dr. Maloney's peers selected him as one of America's Top 10 vision correction surgeons in a nationwide survey conducted by Ophthalmology Times. He has performed more than 35,000 laser surgeries and has trained more than 700 surgeons in the use of the excimer laser. He directs Maloney Vision Institute and is a Clinical Professor of Ophthalmology at the UCLA School of Medicine.

About Maloney Vision Institute

Dr. Maloney's state-of-the-art equipment is designed for maximum safety and includes the VISX S4 flying-spot, eye-tracking laser.

Services include LASIK to treat nearsightedness, farsightedness and astigmatism, Conductive Keratoplasty (CK) to improve reading vision, Verisyse Implantable Contact Lens (for qualified candidates), and LASEK & PRK to improve nearsightedness (myopia), farsightedness (hyperopia) and astigmatism. Dr. Maloney also specializes in managing complications from vision correction surgery, and will personalize your vision care with the technique that is best suited for your eyes.

Dr. Maloney's Background

Dr. Maloney received his medical degree from the University of California at San Francisco. He received a Masters of Arts in Philosophy, Politics and Economics from Oxford (England) University as a Rhodes Scholar, and graduated Harvard College Summa Cum Laude in three years with an AB in Mathematics. He completed his residency at the Wilmer Institute at Johns Hopkins Hospital and was a Heed fellow in cornea and refractive surgery at Emory University's Department of Ophthalmology. A former John Harvard scholar, Dr. Maloney has also received the Research to Prevent Blindness Career Development Award and the Mericos Whittier Award for lifetime contributions to Ophthalmology. A noted lecturer and published writer, Dr. Maloney was the recipient of the 2001 Distinguished Lans Award, an honor given to one surgeon worldwide who has made innovative contributions to the field of vision correction surgery. He also owns five patents and consults Calhoun Vision, VISX Inc. and Bausch & Lomb, Inc.

More than 100 eye doctors or their family members from around the world have chosen Dr. Maloney to perform their surgery. Other notable clients include Cindy Crawford, "Weird Al" Yankovic, Kenny G, Drew Carey and Barry Manilow.
