

## More Great Features

~259 words	Title card / Branding
<p>The New Fios TV is <b>loaded</b> with great features...and here's just a few more we think you'll love.</p> <p>Let's start with <b>Catch Up</b> and <b>Start Over</b>...</p>	
<p><b>You can catch up</b> on available shows that aired in the last three days. You heard that right — shows that aired up to <b>three</b> days ago!</p> <p>Just pick a channel from the guide and go to the channel page. You'll see a "play" icon ...like this one... when the <b>Catch Up</b> feature is available for that show.</p>	Show this progression.
<p>Forgot to record a show or a friend just call to say your favorite comedy started five minutes ago?</p> <p>No problem! You have Fios and <b>Start Over</b>.</p>	Show an example of this action.
<p>With <b>Start Over</b>, you can quickly rewind to the beginning of your favorite show if you miss a few minutes.</p>	Show Start Over with hand pressing Rewind.
<p>Just press a channel button up or down to page through the guide...</p>	Show paging through guide with up/down buttons.
<p>...or press and hold the <b>rewind button</b> to play your show from the beginning.</p>	Show rewind button and this action.
<p>Press and hold fast forward to go to <b>Live</b> -- and, boom, you're all caught up.</p>	Show fast forward hitting "Live" notification on screen

Check out the **Featured** section ...on the left of your top level menu... for special programs we chose just for you!

Get to your Channel List from live TV by pressing the up or down arrows, which lets you see what else is on TV without leaving what you're watching.

Show live TV and using up/down arrows to get to Channel List.

We know you'll enjoy these and so many more great features packed into your New Fios TV.

Browse around...test your microphone with all kinds of commands...you'll be surprised how much you can do!
